

Realistic New Year's Resolutions

By: Katelyn Rieder

Let's be real, almost nobody *actually* sticks to their resolutions, if they even bother to make one at all. However, resolutions can be a great thing to set for the upcoming year. They give you a direction that you want to take your life in, an opportunity to be creative, and a way to self-evaluate yourself and what you need to improve upon. In spirit of 2020's fast approach, here are some of The Tartan's resolution ideas.

1. Become President.

2020 is the big election year, so why not throw your hat in the ring? Sure you'd have competitors, but who would vote against a teenager trying their best?

2. Achieve your dreams of becoming a world-famous youtuber.

Anyone these days can become a youtuber. All you really need is a camera and an internet connection. Let your quirkiness out and make those wacky

story time videos.

3. Win the lottery.

Beat the odds this year by winning the lottery. Yes, the chances are 1 in about 300 million, but you can do it if you put your mind to it!

4. Find out what's in Area 51.

The government is definitely hiding something in Area 51. Even with our failed attempt, It's still up to us to find out what's in there. Grab your close friends and get ready to see those aliens!

5. Learn how to speak every language.

There's only about six thousand languages spoken on our planet. Surely, you can accomplish while also balancing work, school, and other hobbies. Who wouldn't want to know how to speak to anyone you come across this year?

6. Travel the world. Literally the whole world.

The best way to get some good ole' life experiences is to see just how diverse this planet is. If you follow the resolution before, this will also help you to not only visit, but understand every country you come across.

7. Save the Earth.

Be the Greta Thunberg of Oak Hills by not only becoming an activist, but actually saving the earth. If you put your mind to it, you can do anything!

Obviously, there are thousands of ways to make your 2020 the best yet. However, if you want it to be the best in all of *history*, try out any one of these resolutions.
